## Gustavo Zambonin rev. 20210127

zambonin.org · zambonin@pm.me

**About** Quantum-safe cryptography researcher focusing on digital signature schemes,

backed by years of contributions to the Brazilian Public-Key Infrastructure standards and a diversified set of projects related to information security.

Address Laboratório de Segurança em Computação (LabSEC), INE 218, Universidade

Federal de Santa Catarina (UFSC), Florianópolis, 88040-900, Brazil

**Languages** Portuguese (native), English (fluent), French (beginner)

### Education

PhD student in Computer Science at the University of Ottawa (currently researching post-quantum cryptography and combinatorial cryptography)	Sep/2020– Today
MSc in Computer Science from the Universidade Federal de Santa Catarina (thesis named On the randomness of Rainbow signatures)	Aug/2018- Sep/2020
BSc in Computer Science from the Universidade Federal de Santa Catarina (thesis named Performance optimization for the Winternitz signature scheme)	Mar/2013– Jul/2018

#### **Academic activities**

Visiting researcher at Carleton University (Canada) – Recipient of a Mitacs-CALAREO Globalink Research Award to study the security of Rainbow-like signature schemes	Mar/2020- Jun/2020
Teaching assistant for INE5601 - Mathematical Foundations of Informatics at UFSC (Classes on order theory, lattice theory, algebraic structures and group theory)	Aug/2018– Dec/2018
Teaching assistant for INE5405 - Probability and Statistics at UFSC (Consultancy on exploratory data analysis, probability distributions and events)	Aug/2014- Jul/2015

# **Professional experience**

Senior developer and project manager at LabSEC – In partnership with the Brazilian National Institute of Information Technology, coordinates the development of desktop, web and mobile tools used in the Brazilian Public-Key Infrastructure to generate and validate digital signatures.

May/2016– Today

Has also worked as a (i) ceremony operator deploying Helios-based e-voting platforms; (ii) quantum-safe blockchain researcher; (iii) computer forensic examiner measuring the accuracy of pictures from speed enforcement cameras.

### **Qualifications and other interests**

For 5+ years routinely uses AWK, Bash, C, C++, gnuplot, Java (JSE, JEE), LATEX, Make, Python, SageMath, sed on a GNU/Linux distribution.

Enthusiastic about astronomy, the immersive sim game genre, IBM keyboards specifically older than the author and any song with a saxophone line.
